A: If there are any additional Airport files besides the.xml files already in the Aircraft folder, all airports will load correctly in all versions of P3D. Method to Show SMSs On Lotus Notes A lotus Notes user faced with the situation of finding out that she had an unread SMS. Sometimes the user will open the Message view and see the message as "unread". In order to see the text you need to click on the Message number, View>Show Notification. The "Unread" message will be then shown, and you will be able to open it if you want. How to use this method for showing SMS Step 1. Go to messages view (double-click on the message entry). Step 2. Now if you have a number of messages you can tap on the message number to see if you have received a new message. You can always show the entire list of messages later by tapping on Show All Messages. How to show an unread SMS Step 1. Open the SMS entry list. Step 2. Now if you have a number of messages you can tap on the message number to see if you have received a new message. You can always show the entire list of messages later by tapping on Show All Messages. Step 3. Now tap on the Message number to find out if you have a new SMS. You can then read the message or just delete it without needing to open it. The message will remain in your 'Sent' folder for you to open when you want to. Useful Links: 1.
