### What's New In?

Red Eye Remover Pro is a software application for Red Eye removal. Whether it's the red eyes in your photographs, the red skin in your face, or just a photo that's a little too red for your liking, Red Eye Remover Pro will help you fix those pesky Red Eye Problems. Simply find the Red Eye(s) and click on Fix Red Eye. You can also rotate the red eye, resize the red eye, and even get a free copy of one of Red Eye Remover Pro's cool Image Adjustment filters to apply to your eye on the fly, Red Eye Remover Pro will help you with Red Eye Fixing, Red Eye Rejection, Red Eye Reduction and Red Eye Removal! Red Eye Remover Pro Features: ✓ Red Eye Fixing ✓ Red Eye Rejection ✓ Red Eye Reduction ✓ Red Eye Removal ✓ Exposure Fixing ✓ Auto Fix Red Eye ✓ More (Free updates included!) ✓ Works on Mac OS X and Windows 95/98/2000/NT Red Eye Remover Pro Review: Red Eye Remover Pro is a software application for red eye rejection and removal. It's a great tool for those who want to get rid of red eyes in their photographs and, occasionally, in their face. The program is very straightforward and easy to use. There's nothing complicated about it. In order to use Red Eye Remover Pro, simply select the photo that has the red eyes, after which Red Eye Remover Pro will take care of the red eyes, reducing the redness and, consequently, improving the overall color and tone of the photo. The tool uses the Mac OS X "Face Toolbox" in order to make this task easier, so its interface is clearly Mac-specific. Nevertheless, Red Eye Remover Pro is definitely a useful software for those working with digital photography and, occasionally, even if you just don't want to see your red eyes in the photographs you like too much. Review: Red Eye Remover Pro is a software application for red eye rejection and removal. It's a great tool for those who want to get rid of red eyes in their photographs and, occasionally, in their face. The program is very straightforward and easy to use. There's nothing complicated about it. In order to use Red Eye Remover Pro, simply select the photo that has the red eyes, after which Red Eye Remover Pro will take care of the red eyes,
