---

Welcome to Advanced RSS Mixer Personal - a popular and easy to use tool to create RSS feeds with the greatest of ease. You can create RSS feeds manually, or even more efficiently have all your RSS feeds automatically created. Why should you use RSS feeds? Because it's one of the most efficient ways to distribute news to your visitors. So why should you use Advanced RSS Mixer Personal? Because it's one of the most efficient tools to create RSS feeds with the greatest of ease. You can create RSS feeds manually, or even more efficiently have all your RSS feeds automatically created. Advanced RSS Mixer Personal can do a great job with RSS feeds. After the completion of the configuration process, you can start managing and administering your RSS feeds. Advanced RSS Mixer Personal will keep all RSS feeds in sync with the most up-to-date headlines and links. Advanced RSS Mixer Personal also includes the possibility to modify the formatting of the feeds, change the viewable text size, and even change the look of the background colour. Also, Advanced RSS Mixer Personal is capable of automatically detecting the links contained in the feed sources and generating the RSS feeds to send the user to the specified destination. Advanced RSS Mixer Personal features the option to include the images from the RSS feeds in the generated feed. The images are inserted using the inbuilt jpeg optimizer, so you can have the most effective images with the lowest file size. And last, but not least, Advanced RSS Mixer Personal is capable of letting you create RSS feeds for your websites automatically. The RSS feed creation is absolutely effortless, and the user interface is intuitive and very helpful. // Copyright (c) 2013, the Dart project authors. Please see the AUTHORS file // for details.
