## **Features Key:**

- The Journey - from the streets to the stands, experience your Pro's journey across authentic environments including vibrant urban cities, rolling green countryside and the wastelands of the Amazon rainforest.
- Skill Shot - Every ball you shoot in FIFA will have a chance to provide real-world feedback as you feel your top-level move's power, trajectory and sharpness.
- Evolved Movement - With unpredictable turns, both forwards and backwards, players now more significantly react off the ball. Together with new gestures, unique player characteristics, dribbling, and slide tackles, movements off the ball now feel rewarding.
- Advanced tackling - Using new response cues and conditions, you'll now see which tackle is possible and which is better.
- New Passing Sides - Seeing through the eyes of another, now when passing with the camera turned sideways, you'll notice a large blast of air as you pull the ball into position to pass. With soccer everywhere, FIFA players can pass just about anywhere at any time.
- FIFA Ultimate Team - Start your journey as a player, complete

FIFA is a series of video games published and distributed by Electronic Arts. The series is an annual installment of the FIFA video game series, the annual installment of the FIFA video game series, the FIFA video game series, created by EA Sports. The games feature association football (commonly known as soccer in North America and the United Kingdom), and were originally developed on the Sony PlayStation, but have also been ported to other gaming platforms including the Sega Dreamcast, Xbox and Windows. The first release of the series was a title for the Sony PlayStation, titled FIFA Soccer on which the series was eventually named for. The franchise has released annual titles since the first on PlayStation, alternating between Sony and Microsoft systems. The series' gameplay and presentation continues to evolve, with FIFA 10, released in 2009, being hailed as the biggest step in the series' history. The game also led to the franchise becoming an annual instalment. EA Sports' official website for FIFA lists the series as one of their "major franchises". Are FIFA games really that accurate? FIFA is one of the most successful sports video games of all time, and a large part of its success is its accuracy to the rules of association football.

FIFA is regarded by many as the most realistic of all football games, due to its accurate physics, strike motions, and sharp presentation. Over a million registered players have competed in over 16 million FIFA matches. Players can compete in any of FIFA's official competitions, such as the FIFA World Cup, that includes 22 official competitions around the world. The games are scored using the Elo rating system.

Each year the UEFA Champions League and UEFA Europa League leagues are available to play through in FIFA Ultimate Team, making it

one of the few sports games in which you can compete in all of the official matches. The FIFA Ultimate Team mode is the main mode of the game, and players can compete in over a million official matches. Players can also compete in FUT Seasons, the main mode of the game for the FIFA Ultimate Team mode. Despite its high number of players,

FIFA is considered by many to be the most authentic football video game. FIFA 16, released in September 2015, introduced a new form of online play called FUT Overhaul, which is more powerful than the older FUT Seasons online game. The new mode brings together all of FUT's players and creates one online 'franchise' with unlimited funds and a more effective promotion system that allows players to play

campaign for your courage and your passion in insisting that K-12 teachers receive a voice at the ballot box,” Shea wrote on his Facebook page on Monday. Both teachers and educators are celebrating the huge win for their cause. “What an amazing victory. I cannot begin to describe how proud I am to be a part of this victory,” Kami Greer, president of the National Education Association, wrote on Twitter. Washington State’s House of Representatives easily passed House Bill 2027 on Monday. The measure, which will go to the state Senate, is expected to easily pass the Senate and be signed into law, according to Senator Ann Rivers Williams, the chair of the Washington Senate Education Committee. “I think you’re going to see a lot of educators [in Olympia] dancing in the hallways,” Rebecca Lawson, executive director of the Washington Education Association, told ABC News after the vote. The Washington State Superintendent of Public Instruction, Tony Smith, sent a letter
